

Darien Supports Puerto Rico!

The First Congregational Church of Darien is leading the effort to support the people of Mariana, Puerto Rico in their quest to rebuild their village and their future. They have taken responsibility into their own hands, waiting for no one. They are *imagining what can be and accomplishing it themselves!* As neighbors and fellow Americans we want to support them.

The Imagination Center

Out of an abandoned school house, *El Centro de Imaginación* will be born. The center will include space and supplies for learning, art and music, lodging for visitors, and a business center for the area. The facility will support education and development of village children and attract visitors for the arts and for business. The facility will also provide shelter from future storms.

Join us for a **Latin Music Party** at First Congregational Church, Darien.

Friday evening, September 28th 7:30-9:30 pm.

This will be a fundraiser to help the Mariana Imagination Center become a reality.

An outreach project of the First Congregational Church, Darien.
